ACTION & DEVELOPPEMENT /
SOLIDARITE ENFANTS ATACORA

In **2014**, the AREVA Corporate Foundation lent its support to **44 projects** and monitored their implementation. These actions benefitted disadvantaged peoples, **especially children**, in three areas: **access to healthcare, education and culture.**

The Foundation spends **two thirds of its annual budget in France**, with the rest going to countries in which the group is based, particularly **South Africa, India, Mongolia and Niger.**

The group's **employees** participate actively each year in programs designed specifically for them: **calls for projects**, volunteer **missions** to India and Africa, and the **solidarity sports challenge** in which **thousands of employees** took part at the group's sites.

BREAKDOWN OF ANNUAL ENDOWMENT

AREVA supplies high added-value products and services to support the operation of the global nuclear fleet.

The company is present throughout the entire nuclear cycle, from uranium mining to used fuel recycling, including nuclear reactor design and operating services.

AREVA is recognized by utilities around the world for its expertise, its skills in cutting-edge technologies and its dedication to the highest level of safety.

Through partnerships, the company is active in the renewable energy sector.

AREVA's 44,000 employees are helping build tomorrow's energy model: supplying ever safer, cleaner and more economical energy to the greatest number of people.
