Kazakhstan: Construction of a secondary school in Sholakkorgan

KATCO is financing the construction of a college in the Sozak region.

With the help of KATCO, the Sozak region was able to build the Askar Suleimenov College. This school welcomes 200 students and 35 teachers on more than 5,000m².

In 2019, an additional building was constructed. To date, 722 students continue their studies there.

KATCO also provided more than 30,000 books and textbooks for the library.

These investments amount to TENGE 475 million. Through these actions, KATCO contributes to supporting the education of young people.
